“ *My Wife and I, Al and Wretha Webb, have been singing to the residents at Chipola rehab, and had become very fond of Ms Ming. She was looking forward to hearing our group sing on My 3rd at her Church. I just found out about her passing today and was very saddened by the news. We will miss her at the Church, as well as when we go back to Chipola rehab*

“ *Mrs. Ming was a very special woman, many times I'd sit and just listen to the way she felt, everyone she was grateful for and the beautiful life she lived. Always brought tears to my eyes ! I'll never forget the talks we've had she will be very, very missed. Praying for her family and best friend Sandra. Work is definitely not the same since she went home and reunited with her family and Jesus.*
