“ Brian was surely a very good friend to me. We lost touch over the years - I know he will be dearly missed by many. My condolences to his family.

“ Brian is my cousin. He is one month and three days older than me. When we were kids it was always me, Brian and our cousin Jennifer who played together at family reunions and other family get togethers. He was always the smart one. We had hours and days of fun at Aunt Myrtle's; we played hide and seek, blew bubbles, colored pictures, rode bikes, played board games and when we had nothing left to do. We read the encyclopedias for fun. It was high adventure. And I can't believe he beat me to heaven. He usually won every race we had (long legs), but I didn't see this win coming. I am looking forward to seeing him again one day.

“ *What a great loss for the community of Graceville and for all the Taylor family. Brian was one of the nicest young men in all of Graceville. I never had to wait for a prescription to be filled at Cooks Pharmacy. Brian was always friendly and made you feel like you and your issues were important to him. Someone said some time ago, "You may forget what someone said and you may forget what someone did, but you will never forget how they made you feel". Thank you Brian for helping people feel better through the medicines you put together for them and also for lending an ear to hear them tell of their troubles. Thank you for being my friend. God bless all of the family. Sincerely, Rev. Dan and Cheryl Rhodes*
