“ Sending healing prayers and comforting hugs, I'm sorry for your loss. I didn't know Frank, personally, only meet him a few times but he was a dear and very close friend of my dad, Jr Ferguson. I know Dad was waiting at the gate for him and now they have everyone laughing, reminiscing about their time here together.

“ My name is Craig Tadlock. I knew Mr. Frankie for a short while. I do not remember how we met. I believe it was in a parts store in town. Seems we struck a conversation up and from then on, anytime we seen each other we'd speak or wave in passing. He was a great man. I had started walking at the track in town and we'd stop and talk a little. We were usually there about the same time. We swapped phone numbers and I had told him to give me a call if he needed help with anything. He said he would. He used my number one time. He asked if I could find a pipe at his church. I was able to and was glad to be able to help. He, along with the other members that was there to help fix the leak, were grateful for my help. Mr Frankie told, “ now I owe you a favor”. Sadly that day was not able to come for me to ask if his help. He was a very good man! He will be missed in town riding his dawg shotgun in his truck. Prayers to the family.
