“ Another angel was called home, a daughter wife mom and grandmother she was also a woman that stood beside me as a Officer and best friend! We worked together cried together this world be a darker place for those she left behind! I believe with every tear that's shed a flower will grow! I know we are given a time time & way to grieve , but we will see the sunshine and remember Janet as she lived! She will only be gone a little while then we will all meet again and the circle of life will be again completed! Amen I love you Janet thank you for the memories
