“ I will love and miss you forever Shellbell...you were 3 years old when your Mama and my brother got together...you became my niece but more like a little sister...my little green eyed shadow...I know "life" choices took you over, but I loved you anyway. My heart breaks now everytime I think of you. I'm flooded with memories of us riding our "horse" (a.k.a. the tree limb) lol...making straw houses out of dog fennel...playing outside doing whatever ... singing you to sleep...dancing to crazy stuff...smiling alot ... I hate what took you away...those evil drugs 🤢☐ ... I pray your soul is at rest and you're in heaven looking down on us... I love you Shell

Love always,
Aunt Charlotte

I lit a candle as well, but it seems that someone decided to take it off and the sad part is, it's not about the living, it's about the ones who has got their wings
