“ Jeannie I will miss you so much. We only became friends back in 2003, and over the years we grew as dear friends. Rest In Peace my friend until we meet again. I love you

“ I knew Jeannie for only two years. We bonded quickly and were often on the same wavelength. When she was pleased about something, her favorite words were, "I love it!" She said those words often.
We'll always remember you Jeannie.
