“ Another month has passed and yet my heart remains broken. Baby girl I love you and miss you everyday. Sniffles is still searching for you everyday. I wish the three of us could have just one more day together. I'm not sure my life will ever be whole again without you in it. I now know what your last words meant. We miss you my love. Until we meet again in the multiverse(you know the one we always talked about) I love you
