“ I still can not believe my cousin is no longer here. We had so many good times through the years, growing up in many of the same places. As time and responsibility happens in life, we didn't spend as much time as I would have liked together as we were raising families and distance separated us. Even as we would see each other at various family events, it was like no time had passed since we had last seen each other. . I still don't think this has completely set in for me. I am sorry to see such a wonderful, loving, caring person go so soon. I know you loved your children and grandchildren. I miss you now and will forever. Rest in peace, my sweet cousin. I remember the last time I saw you in James' funeral, you introduced me as your "buddy", I was proud of that. I love you Tami and your family.

“ *My Sweet Sister Tami: I miss you so much already. I can't believe you are no longer here. It took years of doing for us to grow close, and I am so happy that we did. You have had so many trials and tribulations to overcome in your short time here on earth, and finally seemed to be getting things together and doing well. You were so happy for the first time in a long while. I am so sorry that we did not have more time to spend together, and I will miss you and think of you every day, just as I do Daddy, Momma, Howard, Ricky, and all our family members who are no longer here. I will miss you so much. You will always be in my heart. I Love You. Vicki*
